

RALEIGH

CENTROS

2019

Introducing the Centros; the ultimate Raleigh electric bike. Featuring a sleek, intube design and the latest technology to bring you the best electric bike experience.

Designed in Britain and made in Europe, it combines a Bosch Active Line Plus motor with a 500wh powertube to ensure riders enjoy up to 100 miles through the city or weekend trails.

The Range

Centros – Deraillleur

The low step frame comes in grey and is available in 26" and 28" wheels.

The crossbar frame comes in Bronze and 28" wheels.

Centros – Hub gear

The low step frame comes in grey and is available in 26" and 28" wheels.
